Dear Mr. Villasana,

I want to thank your organization for your specialized family finding efforts. Our agency has excellent resources and case workers to find relatives. However, we have found it difficult to conduct our work outside the U.S. Fortunately your organization was able to help us.

The father was believed to be living in Mexico. We provided Forever Homes for Foster Kids with the limited information we had on the whereabouts of the parent. You sent us a report that explained that without additional information no further efforts could be conducted to locate the father.

Our goal is always to reunite a child with their relatives. However, there are cases where this is simply not possible so we will look for alternatives for the child such as adoption. Your report will help clear the way so that this case can move forward allowing this foster child to have a permanent home with caring adults.

Please accept our sincere appreciation for the work your organization provides to Child Protective Services. We would certainly recommend your services to other foster care agencies and look forward to working with you again.

Sincerely,

Jessica Hoskins
