Richard Villasana, Founder

San Diego, California 92126

Dear Mr. Villasana,

We here at Browder Overby, P.A. thank you and your organization for the family finding effort it performed on a recent case. Our office needed to locate and notify a foster child's parent. The father was believed to be living in Mexico. We lack the resources to search for family members outside the U.S. and so we sought out your organization's expertise in this matter.

Unfortunately, we were not able to gather the essential information that would allow for a successful search. The judge ruled to start proceedings to terminate parental rights for the father based on the report you provided to our firm. As a result, the absent father's parental rights were terminated.

Your work and the report you provided has helped to move this case forward so that the child can now be adopted by the foster family that has come to love and care for the child as their own.

Again, I want to thank your organization for the work it provided. We would recommend you to any law firm that needs to perform diligence for a foster child whose relatives may still be living in Mexico or Central America.
