Dear Forever Homes for Foster Kids

On behalf of Barron County Department of Health and Human Services I want to thank you for the work your agency did in completing a level one search for one of our identified clients known to be deported to Mexico several years ago. Your agency provided this service to this Department pro bono. Additionally, your response to my inquiry was immediate and the timeliness of the report exceeded my expectations. As a result of your work our Department was able to proceed in terminate parental rights on two children so that they could be adopted with their younger two siblings by their foster family. These two children were abandoned in foster care and the legal requirement of proper notice caused multiple adjournments through the Court system. Prior to your involvement, the Court process was delayed for over one year. Within 30 days of your agency involvement, the court case is resolved. As a result of Forever Homes for Foster Kids these children were given the gift of permanency.

I have a high regard for the work that your agency does for children and families. I will most definitely refer other colleagues needing similar services to your agency.

Thank you again for the exceptional work you have done. You should be very proud of the work you do as an agency.

Respectfully,

Jessica T. Wager
