STRONGER FAMILIES, BRIGHTER FUTURES

To Whom It May Concern:

As a social worker with many years on the job, it is always refreshing to connect with other professionals dedicated to helping our young people.

Forever Homes for Foster Kids is a resource we have used several times throughout our legacy as the only agency doing Family Finding in Philadelphia. Their dedication and level of detail are amazing and unparalleled.

As similar minded agencies our common belief that all children deserve to have connection and lifelong support from their families is the cornerstone of our work together.

For this particular case in Puerto Rico, the efforts made were significant. Although we tragically didn't conclude as a category four hurricane hit Puerto Rico during the process, Forever Homes for Foster Kids was able to let us know what would happen in the future and shared ideas about how else we could help this young man.

We often think of writing letters and sharing stories when there is success. Although this sixteen year old wasn't able to connect to family in Puerto Rico because of the hurricane, it was refreshing to know there were professionals working hard on his behalf until then, not just here in Philadelphia but at Forever Homes for Foster Kids as well.

Thank you, as always, for the wonderful work you do.

All the best,
